

SCHIDLOF

SCHMITZ

Worked about 1800.

The Nat. Mus. Stockholm contains under No. 302, a min., portr. of Major-General Karl Magnus Klingström, sign.: Schmitz.

It is possible that it is a work by Franz Liborius Schmitz, b. in Bonn, who worked between 1803 and 1814 in Denmark, Sweden, Germany and France as a silhouettist.
